While at Bagepalli, it was represented to me that the construction of two roads was essential - one connecting Bagepalli and Chelur via Gulur Guttapalli Bilur and Chakavel and another from Mittemari to Chelur via Julpalya Ramajipalli, Hosahdya and that the work might be entrusted to the Public Works Department It was elicited that the District Board had started the construction of the roads as relief works through the agency of the Sanitary Inspectors that the work was making slow progres and the present agency was uneconomical and that if the work was entrusted to the Public Works Department proper surveys could be made and better value got for the money spent I am inclined to agree that it would on the whole be a better arrangement for the Public Works Department to take over the execution of the work the usual establishment and tools and plant charges being waived in this case Action may kindly be taken accordingly
